(un)endlich **Zuhause!**

Wie die Wörter Zuhause, Outdoor-Living, Gemütlichkeit und Schönheit zusammenpassen? Sehr gut! Denn die hochwertigen Großschirme und Sonnensegel von Bahama stehen charakteristisch sowohl für Kompaktheit, Haltbarkeit und Windstabilität als auch für Form- und Materialschönheit. Seit 1950 vertrauen Kunden auf »**Made in Germany**«, UV-Schutz UPF 50+ und unter anderem dem OEKO-TEX 100-Siegel als Kriterium für Umweltverträglichkeit und Nachhaltigkeit. Mit Bahama wird es schön!

a **home** to last!

How the words home, outdoor living, cosiness and beauty go together? Very well! Bahama's high-quality large size parasols and sun sails are characterized by compactness, durability and wind stability as well as beauty of form and material. Since 1950, customers have relied on „**Made in Germany**“, UV protection UPF 50+ and, among other things, the OEKO-TEX 100 seal as a criterion for environmental compatibility and sustainability. Life will be pretty with Bahama!
