

A black and white photograph of a coastal scene. In the foreground, a red patio umbrella is partially visible on the left. In the background, a large, wind-swept tree stands on a hill, its branches leaning to the left. The sky is filled with clouds, and the sun is visible on the right side, creating a bright glow. The overall mood is serene and suggests a coastal or beach environment.

BAHAMA®

Wind warranty

Wind warranty

BAHAMA®

Extreme weather conditions with high wind speeds are increasing
Bahama guarantees the wind stability of its large-size parasols*

When buying a Bahama umbrella you also choose the **Bahama Wind warranty** - it is valid in open condition! **The first 37 months are included.** After renewal of the textile membrane, the guarantee is extended by 37 months.

A new exchanged Bahama textile membrane = extended the Bahama wind warranty

	37 months basic warranty
+	37 months 1st extension
+	37 months 2nd extension
=	111 months, i.e. more than 9 years

Bahama guarantees wind resistance for almost a decade for Event, Jumbrella, Jumbrella outSide, Jumbrella XL and Magnum.

The award-winning premium model Jumbrella 4 x 4 m, for example, has a max. permitted wind velocity of 88 km/h, i.e. wind force 9. The smaller 3 x 3 m convinces with up to 102 km/h wind stability using a permanent installation option. All Magnum models defy the wind up to 130 km/h, i.e. the highest wind force 12.

Bahama wishes you a wonderful time! ... no matter what the weather
