BaHaMa[®]

Bahama

Originally founded in 1950, Bahama now designs and manufactures a wide variety of high-quality large-size parasols and sun sails. National and international customers alike trust in our industrial technology and accurate workmanship. Bahama's premium products are characterized by technical attributes such as compactness, durability, and wind stability, as well as aesthetic features including elegant design and beautiful materials. Thanks to our full-range production facility in Germany, we are able to manufacture almost all parts in-house.

And most importantly: we love customer service – from consulting to installation, from cleaning to winter storage and maintenance.

The Heart of it All

- * A selection of 7 different models
- Model sizes ranging from 4.9 m² to 140 m² and side lengths from 2.5 to 12 m
- * Round, square and rectangular models
- Great variety of additional features e.g. LED lighting, heating, textile gutters, side panels, speakers, TV, Wifi, USB-ports
- High wind resistance and safety
- Handles with spring buckles, crank mechanism or geared motor for trouble-free opening and closing
- Excellent UV-protection UPF 50+
- Highly waterproof and dirt repellent
- * Wide range of contemporary colors

Bahama®

Easy is the high-quality Bahama entry-level model. Made in Germany. It is easy to transport which makes it ideal for alternating locations. The product line is aimed at both commercial and private customers. Easy is winner of the Red Dot Design Award 2019

Overview

8 different model sizes ranging from 4.9 m^2 through 16 m^2

A 27 - 37 kg lightweight incl. transport packaging

Maintenance-free

1 handle for tensioning 1

Telescopic opening and closing for increased ground clearance

Ideal and constant tensioning of the textile

Excellent sun protection factor UPF 50+; high waterproofness

Printing possible

Available with valance

Anti-opening protection; optionally theft prevention device **2 3**

Individually replaceable spare parts

Textile Membrane | Covering

betex® 05 | fabric exclusively crafted for Bahama

- \cdot 100% polyester fabric with top transparent coating
- Sustainable and environmentally friendly fabrics with the OEKO-TEX 100 Standard, Class 1
- · 25 contemporary colors | special colors upon request

Installation Options

Mobile and permanent installation options

In-ground sleeve without tripping edge, as flush with the ground **4**

Cross-frame with flagstones for changing locations **5**

Square, galvanized steel plate to be bolted onto massive surfaces 6

Further options: e.g. adaptable sleeve for existing foundation

Umbrella Frame

Modern, high-quality aluminum finish

Naturally anodized center pole

Outer pole diameter approx. 57 mm, wall thickness approx. 2.45 mm

Special stability due to hollow profile made of extruded aluminum

Naturally polished spokes and support spokes

Bahama®

The Event model is appealing to customers who wish to purchase a large-size parasol at a fair price but don't have a need for the additional features of the Jumbrella. It opens and closes via our maintenance-free servo-mechanism. Due to its very steep roof commercial imprints are optimally visible.

Overview

9 different model sizes ranging from 6.25 m^2 through 19 m^2

Low weight umbrella weight ranging from 21 - 40 kg

Maintenance-free

1 latch for tensioning **1**; no addional physical strength necessary due to the servo-mechanism

Telescopic opening and closing for increased ground clearance

Ideal and constant tensioning of the textile

Excellent sun protection factor UPF 50+; high waterproofness

Individually replaceable spare parts

Printing possible

Available with valance

Optionally available with theft and anti-opening device **2**

Soft foam safeguard available for Kindergartens, hospitals or retirement homes 3

Umbrella Frame

Standard frame color in traffic white | RAL 9016, glossy finish

Special stability due to hollow profile made of extruded aluminum

Outer pole diameter approx. 73 mm, wall thickness approx. 1.5 mm

PES powder-coated center pole, post-baked

Textile Membrane | Covering

betex® 05 | fabric exclusively crafted for Bahama

- 100% polyester fabric with top transparent coating
- \cdot Sustainable and environmentally friendly fabrics with
- the OEKO-TEX 100 Standard, Class 1
- \cdot 25 contemporary colors \mid special colors upon request

Installation Options

Mobile and permanent installation options

Portable stand and cross-frame with flagstones for changing locations **4**

Steel plate bases available for terrace substructures **5**

In-ground sleeve without tripping edge, as flush with the ground **6**

Octagonal surface mount with counter-bores suitable for bolting onto massive concrete ground or timber planks

Connecting plate for »Krinner« ground screw particularly suitable for loose surfaces e.g. beaches or grassed areas

Additional options such as in-ground sleeve extensions

Jumbrella 🛠 💥

Jumbrella is our solution for everything. The product line convinces through its various sizes and combinations as well as its special additional features. The Jumbrella 4 x 4 m is the winner of the iF Design Award 2018, the Red Dot Award 2018 and the German Design Award 2019.

Overview

25 different model sizes ranging from $7\,m^2$ through $36\,m^2$

Additional features available e.g.: textile gutters, side panels, LED-lighting, heaters, speakers, TV, Wifi, USBports, maritime frame edition

Maintenance-free servo-mechanism for failsafe opening and closing of the umbrella

Easy and efficient handling through gradual opening (servo-mechanism); depending on model 2- or 4-stages

2 latches with spring buckles for tensioning; lockable 1

Perfect, lasting tension as the textile membrane is integrated into the spokes; support spokes for additional stabilization

Excellent sun protection factor UPF 50+; high waterproofness

Printing possible

Available with valance

Umbrella Frame

Standard frame color in traffic white | RAL 9016, textured matte finish or anthracite grey | RAL 7016, textured matte finish 1 2

Custom frame finish possible e.g various RAL colors or wooden finish | Golden Oak, resin components in black

Outer pole diameter approx. 80 mm, wall thickness approx. 2.5 mm

Textile Membrane | Covering

betex® 05 | fabric exclusively crafted for Bahama

- 100% polyester fabric with top transparent coating with the OEKO-TEX 100 Standard, Class 1
- \cdot 25 contemporary colors | special colors upon request

Precontraint 302

- PVC coated Polyester 550 Dtex. SERGE FERRARI PRECONTRAINT[®] coating technology
- \cdot 25 contemporary colors \mid special colors upon request
- swela Sunvas | uni-colored and striped/ZebraS
- 100% polyester fabric with dirt & water repelling impregnation • Uni-colored: 61 contemporary colors, special colors upon
- request | Striped: 20 color combinations

Installation Options

Mobile and permanent installation options

Portable stand **3** and cross-frame for flagstones; ideal for changing locations

In-ground sleeve without tripping edge, as flush with the ground, available with and without tipping hinge

Steel plate base available for terrace substructures 4

In-ground tipping base with electrical connection for lighting, heating and many more **5**

Connecting plate for »Krinner« ground screw especially suited for loose surfaces, e.g. in green spaces or on beaches 6

Additional options such as powder-coating in RAL color of the parasol frame, leveling feet, spacers, in-ground sleeve extensions

🏶 🔀 Jumbrella outSide

Jumbrella outSide 🟶

As a cantilever parasol it achieves its visual lightness through the lateral pole. This makes the membrane provide free shaded space without any obstacles. The technical sturdiness for stabilization steps to the side and thus into the background.

Overview

6 different model sizes from 7 m^2 to 16 m^2

Great variety of additional features e.g. textile gutters, side panels, lighting with LED, heating, extra protection with the V4A \mid Maritime Edition

Maintenance-free servo mechanism for trouble-free opening and closing

2 lockable handles with spring buckles 2

Perfect, lasting tension as the textile membrane is integrated into the spoke

Membrane in three different high-quality fabrics; uni-colored and striped

Excellent UV-protection UPF 50+

Absolutely waterproof

Umbrella Frame

Standard frame in traffic white | RAL 9016 or in anthracite grey **3** | RAL 7016, textured matte finish

Optional custom design for frames i.e. color or exclusive wood look | Golden Oak, resin components in black, some elements in anthracite grey | RAL 7016, textured matte finish

Pole diameter approx. 130 mm, wall thickness approx. 3.7 mm

Mounted using stainless steel axle bolts and spring pins, no plastic parts used

Textile Membrane | Covering

betex®05 | fabric exclusively crafted for Bahama

- \cdot 100% polyester fabric with top transparent coating and the OEKO-TEX 100 Standard, Class 1
- \cdot 25 contemporary colors | special colors upon request

Precontraint 302

- polyester fabric 550 Dtex with PVC coating according to SERGE FERRARI PRECONTRAINT[®] technology
 25 contemporary colors | special colors upon request
- 25 contemporary colors | special colors upon reques
- **swela Sunvas | unicolored and striped | ZebraS** • 100% polyester fabric with dirt and water repelling impregnation
- · 61 contemporary unicolors | special colors upon request
 · 20 striped color combinations

Installation Options

3 permanent installation options

Powder-coated above-ground connecting components with tilting hinge; lower part to be set in concrete

2-piece Flat Foot Mount, connecting components with tilting hinge **5**

Tipping Base for umbrellas equipped with/ without electromechanical features (incl. heating option)

Set of two brackets for wall mounting of the pole 6

Additional options such as in-ground sleeve extensions e.g. for kindergarten sandbox, »fischer« heavy-duty bolts

Jumbrella XL 🟶 💥

The Jumbrella XL is the extra-large edition. The space covered ranges from 25 m² through 49 m². Our XL-model withstands the highest wind loads and can be equipped with various additional features.

Overview

8 different model sizes ranging from 25 m^2 through 49 m^2

Additional features available e.g.: textile gutters, side panels, impact protection, LED-lighting, heaters, speakers, TV, Wifi, maritime frame edition

Maintenance-free servo-mechanism for failsafe opening and closing of the umbrella

Easy and efficient handling through gradual opening in 4-stages (servo-mechanism) **1**

Perfect, lasting tension as the textile membrane is integrated into the spokes; support spokes for additional stabilization

Excellent sun protection factor UPF 50+; high waterproofness

Individually replaceable spare parts

Printing possible | Available with valance

Comes with theft and anti-opening prevention device **2 3**

Textile Membrane | Covering

betex[®] 05 | fabric exclusively crafted for Bahama

 \cdot 100% polyester fabric with top transparent coating with the OEKO-TEX 100 Standard, Class 1

 \cdot 25 contemporary colors \mid special colors upon request

Precontraint 302

 \cdot PVC coated Polyester 550 Dtex. SERGE FERRARI

PRECONTRAINT[®] coating technology

 \cdot 25 contemporary colors \mid special colors upon request

Umbrella Frame

Standard frame color in traffic white | RAL 9016, textured matte finish or anthracite grey | RAL 7016, textured matte finish

Custom frame finish possible e.g various RAL colors or wooden | Golden Oak finish

Special stability due to hollow profile made of extruded aluminum 4

Outer pole diameter approx. 95 mm, wall thickness approx. 3.5 mm

Scratch-resistant PES powder-coated center pole, post-baked

Installation Options

Mobile and permanent installation options

Portable stand with flagstones; ideal for changing locations

Steel plate base available for terrace substructures **5**

Powder-coated above-ground connecting components with tilting hinge 6

2-piece flat foot mount with tilting hinge; fischer heavy-duty anchoring bolts optionally available

Additional features such as frame modifications for electrical and heating options, spacers, in-ground sleeve extensions

🛞 🔀 Magnum

Magnum 🛞 💥

Magnum is our premium model with the largest covered space ranging from 37 m² to 140 m². All components of the structure are designed for the exposure to enormous loads. The stability at wind speeds of over 100 km/h is guaranteed. Depending on the price expectations and technical requirements, the additonal features can be combined indivdually.

Overview

11 different model sizes ranging from 37 m^2 through 140 m^2

Additional features available e.g.: textile gutters, side panels, LED-lighting, heaters, speakers, TV, Wifi, maritime frame edition, motorization

Depending on model opening and closing per crank or geared motor **1**

Perfect, lasting tension as the textile membrane is integrated into the spokes **2**

Very high wind stability

Excellent sun protection factor UPF 50+; high waterproofness

Individually replaceable spare parts

Printing possible

New generation radiators which can remain in closed parasol **3**

Installation of the umbrella via a mobile crane 4

Textile Membrane | Covering

Precontraint 502 Satin

 • PVC coated Polyester 1100 Dtex with SERGE FERRARI PRECONTRAINT[®] coating technology

· Fire retardant | DIN 4102-B1

 \cdot 40 contemporary colors

Umbrella Frame

Aluminum frame and component parts in RAL color of choice | glossy or textured finish; resin components in white or black

Special stability due to hollow profile made of extruded aluminum

Outer pole diameter approx. 220 mm, wall thickness approx. 10 mm

Scratch-resistant PES powder-coated center pole, post-baked

Equipped with torsion lock which prevents the twisting of the lifting pole

Cylindrical lock in front of the crank holder slot or the motor cover prevents unauthorized opening and closing

Installation Options

Permanent foundation element **5**

Lower part to be set in concrete 6

With modification for electrical installations and/or heating options

Largo is the most technically elaborate model of Bahama. The large-size parasol captivates with its exceptional and elegant shape as it opens up like a tulip. All technical components are almost invisible hidden inside the umbrella. Pure beauty of the premium class. A wind resistance of over 100 km/h is guaranteed.

Overview

8 different model sizes ranging from 42 m^2 through 140 m^2

Comes with theft and usage protection and hand crank

Additional features available e.g.: LED-lighting **1 2**, maritime frame edition, geared motor **4**

Perfect, lasting tension as the textile membrane is integrated into the spokes; support spokes for additional stabilization 3

Excellent sun protection factor UPF 50+

High waterproofness

Individually replaceable spare parts

Printing possible

Umbrella Frame

Aluminum frame and component parts in RAL color of choice | glossy or textured finish; resin components in white or black

Special stability due to hollow profile made of extruded aluminum

Outer pole diameter approx. 220 mm, wall thickness approx. 10 mm

Scratch-resistant PES powder-coated center pole, post-baked

Textile Membrane | Covering

Precontraint 302

- PVC coated Polyester 550 Dtex. SERGE FERRARI PRECONTRAINT[®] coating technology
- · Fire retardant | DIN 4102-B1
- \cdot Suitable for keeping the umbrella permanently open
- \cdot Membrane with zipper opening to carry out repair works ${\tt 5}$
- \cdot 25 contemporary colors, special colors upon request

Installation Options

Permanent foundation element

Lower part to be set in concrete 6

With modification for electrical installations

C4sun sails

C4sun HIGH-END sun sails

The appearance of all C4sun sun sails captivates by extraordinary visuals in connection with excellent function and highest comfort. The C4sun sun sails are the world's first fully automatic roll-up shading and rain protection system with an arched roof. The convex shape creates an incomparable sense of space - hence a feel-good atmosphere is guaranteed.

Each C4sun sun sail that is hand-crafted in the Bahama manufactory in Germany is exclusive and one of a kind. Due to the individual sizes C4sun offers a centimeter-accurate adjustment and thus a maximum autonomy for each individual piece.

The Heart of it All

- ▲ 2 different models: elips and square (3 basic variants)
- Sail sizes up to max. 106 m²
- Fully automated operation via remote control and app
- Unique sense of space due to arched roof design
- Tailored solution for hotel terraces and high-priority outdoor areas such as restaurants, pools, bars, and spa zone
- High wind stability with corresponding safety thanks to special wind pressure relief mechanism
- ▲ 4 different masts (oval, round, square)
- ▲ Masts with or without interior weights
- Excellent UV protection | UPF 50+
- ▲ Fully waterproof

C4sun sails

If you wish to rise above the crowd and express your individuality by means of new shapes and designs the C4sun sails will deliver just that. The appearance captivates by extraordinary visuals in connection with excellent function and highest comfort. A maximum feel-good atmosphere is guaranteed.

Sail

Hand-crafted one of a kind 1

Unique, patented principle of design

A sense of space with an incomparable feel-good atmosphere **2**

Organic design adding an aesthetic touch

Permanently elastic, curved special profiles incorporated in the sail; stand up automatically when opening

Rainwater is laterally drained off; formation of water pockets is not possible

A specially developed pressure relief system inside the mast provides relaxation when stronger winds and gusts occur

No unpleasant wind noises

Sail Canvas

WeatherMax 80

- \cdot Elegant appearance due to a subtle rib structure
- \cdot High color brilliance and color fastness
- \cdot Sun and rain protection
- \cdot Excellent glare and UV protection
- \cdot High water and mildew resistance
- \cdot Breathable
- \cdot Very high tear strength and kink resistance
- \cdot 20 contemporary colors

Roller Tube | Installation Options

Classic mounting of the roller tube to wall or rafters

By means of a free-standing roller tube mount; installed on two stainless steel masts

Custom mounting concept on request

Mast | Installation Options

Wall mounting 3

C4sun Cube | a V2A cube 4

Krinner ground screw foundation **5**

Ground flange plate; especially recommended for existing terrace floors or roof terraces

Masts are made of high-quality, robust V2A or V4A stainless steel or powder-coated aluminum

Wind pressure relief via internal dampers 6

Drive, Control & Safety

Various Somfy tube motors with control units

Somfy io system or Somfy LT system

Additional safety through automatic Somfy wind **7** and sun sensors

Integration into the smart home system or existing bus system
